where in France and is preparing to get into the big show:

Same Place, May 19, 1918.
My Dear Mother:—Received your good letter a day or so ago and am really happy to know you are getting along so well. Also had letters from Hal Welch and Frank Pieratt. Frank stated he had sent me some cigarettes which I have not received. Suppose they were not allowed to leave the States on account of the new ruling relative to soldier's packages. This is a bum law and surely works a hardship on a stranger in a strange land, especially when said stranger has received no government hardware for almost 8 months. But I guess doing without is part of the game and I can stand anything the rest of them can.

Had my head shaved yesterday; wish you could see the wreck; it is almost pitiful, at least I am told, have not

had a haircut in 8 months. I look in a glass. We had a parade upon the square the other evening at which the mayor of the town presented our C O with a huge wreath of flowers and little girls came along and gave every man

Why I Believe in Nuxated Iron

As a Tonic, Strength and Blood Builder

Probably no remedy has ever met with such phenomenal success as has Nuxated Iron. It is conservatively estimated that over three million people annually are taking it in this country alone. It has been highly endorsed and used by former United States Senators and Members of Congress; physicians who have been connected with well-known hospitals have prescribed and recommended it. Monsieur Nannini, a prominent Clergyman, recommends it to all. Former Health Commissioner Wm. R. Kerr, of Chicago, says it ought to be used in every hospital and prescribed by every physician.

Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says Nuxated Iron has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor dept.) New York, and the Westchester County Hospital says there are thousands of men and women who need a strength and blood builder but do not know what to take. In his opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day.

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times a day after meals for two weeks. Then test your strength again and see how much you have gained.

Manufacturers' Note: Nuxated Iron, which has been used by former members of the United States Senate and House of Representatives, and other prominent people with such surprising results, and which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the other "organic" products, it is easily assimilated, does not injure the teeth, makes them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

a small bouquet. The people here certainly treat us grand and do everything in their power to make us comfortable. They take great pleasure in teaching us French. Correct French pronunciation is a kind of a cross between a snort and a groan and would be a wonderful opportunity for a hair-tipped man. We are apt pupils however, and are picking it up surprisingly fast. Surely wish you could see the beautiful flowers and vegetation we have over here at the present time. I haven't seen a wooden house or barn since leaving the U. S. Everything in England and France is brick or stone and are built to stand for years. These French houses have their barns built right in with them; you can sit in the parlor and hear the pigs grunt. Am enclosing a piece of poetry which is self explanatory as the censor proposition. I would like to know what organization Ed Olmsted was assigned to; also John Corle, and if John has been sent over. This is Sunday and I did a washing that would bring envy to our colored aunties' heart. We get a bucket of cold water then find a stone wall, spread your clothes out on top of the wall and scrub with a stiff brush and the clothes do not last as long as if treated with less strenuous methods, it serves the same purpose. Well mother, I must close for this time as it is nearly 9 o'clock and the man who is not in his bed at that hour is surely out of luck. Don't worry and write often and I will do the best I can. Sunday is about the only time we have to write. Lots of love to father and sis and all the rest for you. Your loving son,

Joe Hewitt.

Chronic Constipation.
Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxative. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial.

BASEBALL HUMOR INTO THE TRENCHES

Paris, June 12.—Marines have carried their baseball humor into the dugouts and trenches of France.

"When the German shells burst about us," fellows call out "strike one" or "ball one," and when a shell lands comfortably close, they shout "fair ball!"

This is disclosed by Private Arthur N. Fauble in a letter to his father, William Fauble, Northfield, Ohio.

For a time the sea soldiers had great fun at what they called the "international world's series" but officers admonished them that their exclamations did not conform to trench etiquette.

"Summer colds" are not hard to break up, coughs and hoarseness are easy to get rid of, if you will take Foley's Honey and Tar Compound. Mrs. Mary Sordam, 282 Maple St., Perth Amboy, N.
